

Scarborough East EarlyON Child & Family Centres

April 2021

April is Autism Awareness Month!

If you have concerns about your Child's development or know someone who may be interested in meeting with a team of professionals, please contact Alison apettigrew@esbgc.ca and she will be happy to arrange an appointment for you and your Child.

The Mobile Development Outreach Clinic (M-DOC) is a free support for children ages 18 months to 4 years old.

The M-DOC team helps families address questions regarding their child's development, and provides a well-defined pathway to access greater support if developmental concerns are identified. The M-DOC is designed to help families act early and to help their children receive important support services, which can lead to significantly better developmental outcomes.

The mobile aspect of our clinic allows our team to deliver community-based, point of care service to vulnerable populations by meeting families where they are.

Don't Forget to register for our New Virtual Spring Programs!

The EarlyON staff have planned some fun and stimulating programs for you and your child to participate in. We have programs from Monday to Saturday for your family to enjoy.

Register online at www.esbgc.ca

Don't have an account? That is ok, you can create an account for free on our website!

April 1 is a day for practical jokes in many countries around the world. The simplest joke may involve children telling each other that their shoelaces are undone and then crying out "April Fool!" when they glance at their feet.

What do you call a dinosaur that is sleeping?

Dino-Snore !

Earth Day is on April 22nd

On Earth Day, people are inspired to engage in voicing their concerns over the state of our environment or the crisis they face today, in many different ways.

Some of the things you can do include:

- Take part in community events.
- Contact government officials with concerns about the environment.
- Sign petitions for better environmental protection laws.
- Spend time in nature to renew a personal connection
- Help organize or lead a local activity
- Take part in social media events or campaigns

Reminder to our families that we will be CLOSED for Easter on:

Friday April 3, 2021

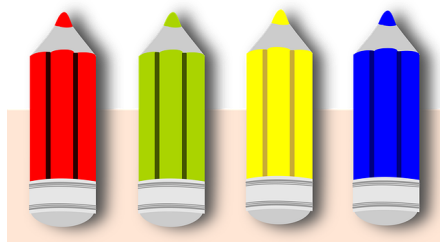

Monday April 5, 2021

School Registration Workshop Series

Will your Child be starting Kindergarten in September 2021? Join us for an informative workshop series on what to expect, and how to get your Child ready for Kindergarten.

Workshop will be delivered by Christina Hong from the Child Development Institute (CDI)

Thursday's April 8, 15, 22
1:00-2:30 pm
