

Infant & Toddler Development

Join Dr. Shivajan Sivapalan, Family Physician, and Neshanth Shanmugalingam, Behavioural Therapist, as they discuss areas of behaviour, speech and language, play skills, pre-literacy skills and motor development in relation to infant and toddler development. Participants are welcome to ask questions or share concerns about their child's development, which will be addressed during the follow-up portion of this series.

Workshop:

Tuesday, May 11, 2021 at 11:30 a.m. to 12:15 p.m.

Follow-up:

Tuesday, May 25, 2021 at 11:30 a.m. to 12:15 p.m.
